2. Review Date

This policy was reviewed on [June 2013](#). This policy is to be reviewed every [3 years](#) or when deemed necessary. This policy is due to be reviewed [June 2016](#).

3. Scope

This policy applies to the Approved Provider, Nominated Supervisor, Certified Supervisors, educators, staff, students on placement, volunteers, parents/guardians, carers, children and others attending the programs and activities of Armadale Early Learning Centre

4. Background and Legislations

4.1 Background

The United Nations Convention on the Rights of the Child is founded on respect for the dignity and worth of each individual, regardless of race, colour, gender, language, religion, opinions, wealth, birth status or ability. Developing responsive, warm, trusting and respectful relationships with children promotes their wellbeing, self-esteem and sense of security. Positive interactions between educators/adults and children can empower children to feel valued, competent and capable.

Actively engaging in children's learning and decision-making during play, daily routines and ongoing activities can stimulate children's thinking, enrich their learning and encourage them to explore and manage their feelings and behaviour.

"Having supportive relationships with the nominated supervisor, educators, coordinators and staff members enables children to develop confidence in their ability to express themselves, work through differences, learn new things and take calculated risks" (*Guide to the National Quality Standard – refer to Sources*).

Regulation 155 of the National Regulations requires an Approved Provider of children's services to take reasonable steps to ensure that the service provides education and care to children in a way that encourages them to express themselves, and develop self-reliance and self-esteem, maintains their dignity and rights, provides positive guidance and encouragement towards acceptable behaviour, and respects their cultural and family values.

Regulation 156 requires the Approved Provider to ensure that the service provides children with opportunities to interact and develop positive relationships with each other, and with the staff and volunteers at the service. To meet these requirements, the Approved Provider is expected to consider the size and composition of the groups in which the children are educated and cared for.

In developing an *Interactions with Children Policy*, early childhood education and care services must review and reflect on the philosophy, beliefs and values of the service, particularly with regard to the relationships with children. The development of this policy should also be informed by the service's *Code of Conduct Policy* (particularly Attachment 1 – Professional standards for staff).

4.2 Legislation and standards

Relevant legislation and standards include but are not limited to:

- *Charter of Human Rights and Responsibilities Act 2006* (Vic)
- *Children, Youth and Families Act 2005* (Vic), as amended 2011
- *Child Wellbeing and Safety Act 2005* (Vic), as amended 2012
- *Disability Discrimination Act 1992* (Cth)
- *Education and Care Services National Law Act 2010*: Sections 166, 167
- *Education and Care Services National Regulations 2011*: Regulations 73, 74, 155, 156, 157, 168(2)(j)
- *Equal Opportunity Act 2010* (Vic)
- *National Quality Standard*, Quality Area 5: Relationships with Children
 - Standard 5.1: Respectful and equitable relationships are developed and maintained with each child
 - Standard 5.2: Each child is supported to build and maintain sensitive and responsive relationships with other children and adults

5. Definitions

Adequate supervision: supervision entails all children (individuals and groups) in all areas of the service, being in sight and/or hearing of an educator at all times including during toileting, sleep, rest and transition routines. Services are required to comply with the legislative requirements for educator-to-child ratios at all times. Supervision contributes to protecting children from hazards that may emerge in play, including hazards created by the equipment used.

Adequate supervision refers to constant, active and diligent supervision of every child at the service. Adequate supervision requires that educators are always in a position to observe each child, respond to individual needs and immediately intervene if necessary. Variables affecting supervision levels include:

- number, age and abilities of children
- number and positioning of educators
- current activity of each child
- areas in which the children are engaged in an activity (visibility and accessibility)
- developmental profile of each child and of the group of children

- experience, knowledge and skill of each educator
- need for educators to move between areas (effective communication strategies).

Additional Needs plan: A plan that documents strategies to assist an educator in guiding a child with diagnosed additional needs. The plan is developed in consultation with the Nominated Supervisor, educators, parents/guardians and families, and other professional support agencies as applicable.

Behaviour guidance: A means of assisting children to self-manage their behaviour. It differs from traditional 'behaviour management' or 'discipline' which generally implies that an adult is 'managing' children's behaviour or using punishment to control children. Behaviour guidance applies to all forms of behaviour, not just behaviours labelled as 'negative'.

Behaviour guidance plan: A plan that documents strategies to assist an educator in guiding a child with diagnosed behavioural difficulties to self-manage his/her behaviour. The plan is developed in consultation with the Nominated Supervisor, educators, parents/guardians and families, and other professional support agencies as applicable (refer to Attachment 1- *Procedures recommended for the development of a behaviour guidance plan*).

Challenging behaviour: Behaviour that:

- disrupts others or causes disputes between children, but which is part of normal social development
- infringes on the rights of others
- causes harm or risk to the child, other children, adults or living things
- is destructive to the environment and/or equipment
- inhibits the child's learning and relationship with others
- is inappropriate relative to the child's developmental age and background.

Inclusion Support Facilitator (ISF): Employed by inclusion support agencies and funded by the Commonwealth Government to provide advice on inclusive practices in childcare services. ISFs also help services to access a range of practical support.

Notifiable complaint: A complaint that alleges a breach of the Act or Regulation, or alleges that the health, safety or wellbeing of a child at the service may have been compromised. Any complaint of this nature must be reported by the Approved Provider to the secretary of DEECD within 24 hours of the complaint being made (Section 174(2)(b), Regulation 176(2)(b)) on [ph: 03 8765 5787](tel:0387655787). If the Approved Provider is unsure whether the matter is a notifiable complaint, it is good practice to contact DEECD for confirmation. Written reports to DEECD must include:

- details of the event or incident
- the name of the person who initially made the complaint
- if appropriate, the name of the child concerned and the condition of the child, including a medical or incident report (where relevant)
- contact details of a nominated member of the Grievances Subcommittee/investigator
- any other relevant information.

Written notification of complaints must be submitted using the appropriate forms, which can be found on the ACECQA website:

http://www.acecqa.gov.au/Uploads/files/Applications%20Forms/Notifications/1-NL01_NotificationOfComplaintsAndIncidents_v4.pdf

Preschool Field Officer (PSFO) Program: Early intervention outreach services that are universally available within state-funded preschools for any child with developmental concerns. The primary role of the PSFO Program is to support the access and participation of children with additional needs in preschool.

Serious incident: An incident resulting in the death of a child, or an injury, trauma or illness for which the attention of a registered medical practitioner, emergency services or hospital is sought or should have been sought. This also includes an incident in which a child appears to be missing, cannot be accounted for, is removed from the service in contravention of the Regulations or is mistakenly locked in/out of the service premises (Regulation 12). A serious incident should be documented in an *Incident, Injury, Trauma and Illness Record* (refer to AELC Policy Folder) as soon as possible and within 24 hours of the incident. The Regulatory Authority (DEECD) must be notified within 24 hours of a serious incident occurring at the service (Regulation 176(2)(a)) on ph: 03 8765 5787. Records are required to be retained for the periods specified in Regulation 183.

Written notification of a serious incident must be submitted using the appropriate forms, which can be found on the ACECQA website:

http://www.acecqa.gov.au/Uploads/files/Applications%20Forms/Notifications/1-SI01_NotificationOfSeriousIncident_v4.pdf

Attachment 1

Procedures recommended for the development of a behaviour guidance plan

These procedures recommend steps that services can follow to develop a behaviour guidance plan for a child exhibiting challenging behaviour. These procedures should be adapted to suit individual services.

A caring relationship with an adult, who can provide the learning and emotional support required, is pivotal to dealing with a child's challenging behaviour. Challenging behaviour is best managed through a collaborative strategy developed between service staff and parents/guardians.

Excluding a child from the service should only be as a last resort. This decision should be made as part of the collaborative management of a child's behaviour, and based on a joint decision by the parents/guardians and family, and the Approved Provider, Nominated Supervisor, educators and other professionals involved in the education and care of the child.

Procedures

Step 1 – Observe

- Observe children exhibiting challenging behaviour, including in the broader context of their environment, the culture of the service, and the interactions of the whole group and other educators working with the child.
- Identify, based on observations, whether there is a need to develop an individual behaviour guidance plan for the child.

Step 2 – Discuss

Invite parents/guardians to a meeting to discuss:

- the ongoing behaviour displayed by the child, including highlighting improvements and celebrating successes
- their aspirations, as well as the service's aspirations, for the child
- the child's individual characteristics, including interests, temperament, age and cultural background
- recommended strategies to support the child's development, and how these strategies will be reviewed and evaluated
- resources or changes to the environment/program that may be required for a behaviour guidance plan to be implemented e.g. changes to routines and transitions
- the support already accessed by the family to assist with managing the child's behaviour
- other support available, such as a Preschool Field Officer, referral for specialist assessment and additional adult support (written consent is required from parents/guardians before any intervention/assessment is undertaken)
- any other matter that will assist with the development of a behaviour guidance

plan.

Step 3 – Consult

- If appropriate, and with the permission of parents/guardians, consult with other support agencies or service providers who are already working with the child, to assist with the development of a behaviour guidance plan.

Step 4 – Develop

Develop an individual behaviour guidance plan, based on consultation with the child's parents/guardians and other support agencies, that is:

- appropriate to the needs of the child and accepted/agreed to by parents/guardians and other professionals involved in the education and care of that child
- clear and easy to follow for all educators, staff, parents/guardians and/or volunteers/students working with the child.

Step 5 – Monitor and review

- Continually review, reflect, evaluate and revise the strategies that have been implemented.
- Communicate with the parents/guardians regarding the child's progress and involve them in evaluating and revising the strategies.

Roles and responsibilities

The following are the roles and responsibilities of the various individuals working with the child at the service.

The Approved Provider is responsible for:

- ensuring that there is a behaviour guidance plan developed for a child if educators are concerned that the child's behaviour may put the child themselves, other children, educators/staff and/or others at risk
- ensuring that parents/guardians and other professionals (as appropriate) are consulted if an individual behaviour guidance plan has not resolved the challenging behaviour
- consulting with, and seeking advice from, DEECD if a suitable and mutually agreeable behaviour guidance plan cannot be developed
- ensuring that they are notified if a complaint is received about a child's interactions or behaviour e.g. when the safety of other children is in question
- ensuring that, if a complaint is received, every attempt is made to resolve the issue by consultation and investigation as soon as possible
- ensuring that additional resources are sourced, if required, to implement a behaviour guidance plan
- ensuring that educators/staff at the service are provided with appropriate training to guide the actions and responses of a child/children with challenging behaviour.

The Nominated Supervisor is responsible for:

- developing the behaviour guidance plan in consultation with the Certified Supervisor, educators and the parents/guardian of the child, and other

professionals and services as appropriate

- consulting the *Complaints and Grievances Policy* to ensure compliance with service procedures, and regulatory and legislative requirements
- consulting educators for their professional evaluation of the situation, and drawing on their expertise in relation to developing strategies and identifying resources required
- meeting with the parents/guardians of the child concerned to develop and implement a behaviour guidance plan
- supporting educators by assessing skills and identifying additional training needs in the area of behaviour guidance
- investigating the availability of extra assistance, financial support or training, by contacting the regional Preschool Field Officer, specialist children's services officers from DEECD or other agencies working with the child
- setting clear timelines for review and evaluation of the behaviour guidance plan.

Certified Supervisors and other educators/staff are responsible for:

- observing children's challenging behaviour and identifying the need to develop a behaviour guidance plan to support a child in self-managing their own behaviour
- assisting the Nominated Supervisor to develop a behaviour guidance plan in consultation with parents/guardian and other professionals as appropriate
- implementing a behaviour guidance plan and incorporating identified strategies and resources into the service program
- undertaking relevant training that will enable them to guide children who exhibit challenging behaviour
- maintaining ongoing communication and consultation with parents/guardians
- providing regular progress reports to the Approved Provider and Nominated Supervisor on the implementation and effectiveness of the agreed strategies contained in an individual behaviour guidance plan
- maintaining the confidentiality of information provided by parents/guardians unless written consent is provided to disclose information to relevant parties
- providing their observations, professional evaluation and expertise in reviewing individual behaviour guidance plans
- providing other information, as relevant, to the Approved Provider and Nominated Supervisor to assist with the resolution of any issues

Attachment 2

Referral process to other agencies

1. Educator to communicate concerns with Parents of the Child and the Director:

- When the Educator has any concerns regarding a child (for example: behaviour; language; development), they will voice this concern to both the AELC Director, as well as the parents.
- Discussions are held with the family regarding the next steps to be taken. The Educator may possibly recommend a visit from Connections.
- Educator or Director to inform Committee of any concerns, in particular behaviour, that may impact the health, safety or general well being of any other persons (be it children or staff) in the room

2. Educator to contact Connections about concerns:

- The Educator completes a Connections Request Form
- The parents sign this, and the Educator forwards it to Connections.

3. Connections to observe Child:

- Connections and the Educator will organise a time for Connections to visit AELC and observe the child.
- After the observation, Connections will recommend the next course of action, discussing this with both the parents and Educator.

4. Educator may refer parents to an external Agency:

- The Educator or Connections may then refer the parents on to an external Agency if required. A comprehensive list of external services can be found on the kindergarten website;
<http://www.armadaleelc.vic.edu.au/community-services-and-support-agencies.html>
